

Got Books?

Wendy Leece, a long-time supporter of our city's libraries, as well as a member of our Costa Mesa City Council, will speak about our city's library space needs and why we need to make this a priority in our list of goals, both long and short term.

A library is the cornerstone of the community it serves. The Internet and eBooks will not change that fact. Wendy will address the need for a Master Plan for Costa Mesa's libraries.

Downloading eBooks

Are you one of those people who received an eBook reader for Christmas, but haven't used it yet because you don't know how to download free eBooks? You are in luck!

Two of our Costa Mesa branch librarians, Rosalind Wilkes and Karen Emerson, will demonstrate how to download eBooks onto a variety of eBook readers. You can go home with a brand new skill that should bring you untold pleasure as you read in a new way.
